BOSHRA MAHMOUDI

Software Developer

07930552076   ESSEX, UK   gbboshra@gmail.com   [Boshra-Mahmoudi](https://linkedin.com/in/Boshra-Mahmoudi)   [BoshraM](https://github.com/BoshraM)

As a Full-stack graduate, I'm passionate about using technology to solve challenges and apply my problem-solving skills. My experience in various projects at Code Your Future has equipped me with the ability to develop solutions and collaborate effectively with fellow developers. I've also honed my communication and technical skills, ensuring success in any work environment.

Experience

Full-stack Developer program   **Sep 2022 - present**
Code Your Future   **London, UK**
Completed modules in HTML, CSS, JavaScript, React, Node.js, PostgreSQL, and Lean methodologies, and gained practical experience in cross-functional developer teams. Proficient in modern product development methodologies such as Agile.

KEY PROJECTS

- **Final Project: [CYF Progress Tracker](#), Web Application | Role: Full-stack Developer| Jun - Jul**
  Used Technologies: React, Node.js, Express, PSQL, Migration, Git, Postman, Slack, Google Meet, Miro, Figma

  - Acted as a liaison between the product owner and the development team of 4 members, ensuring clear client requirements.
  - Proficiently managed both Front-end and Back-end development, guiding the project from inception to completion.
  - Responsible for GitHub issue management and task allocation, fostering efficient teamwork.
  - Maintained open communication through regular team meetings.
  - Contributed to problem-solving, code review, and collaborative efforts, fostering an innovative work environment.

- **Buddy Group Project: [EMPOWERED](#), Web Application | Role: Front-end Developer| Dec - Jan**
  Used Technologies: HTML5, CSS3, Slack, Trello.

  - Active front-end development in the Buddy Group Project.
  - Engaged in daily team meetings, eagerly awaited code reviews, and implemented suggestions.
  - Juggled project commitments with household duties and infant child care.
  - Delivered two presentations, with the second showing significant improvement.
  - Maintained flexibility and open communication in the face of last-minute changes and conflict resolution.

- [TEAM-AMAZON-CLONE](#)**, Web Application | Role: Front-end Developer| April**
  Used Technologies: HTML5, CSS3, Javascript, Slack, Trello, Google Meet

  - Contributed to a team of 15 people in developing a Front-end website clone of Amazon.
  - Participated in three sub-teams, offering live coding and code explanation to teammates.
  - I actively learned from fellow team members while sharing my skills and knowledge.
  - Participated in decision-making and helped to establish effective communication and meeting strategies for the team.

Career Break   **Dec 2019 - Sep 2022**
Relocation and Full-Time Parent

After relocating to the UK just before the COVID-19 pandemic, I focused on enhancing my language skills, obtaining a UK driving license, and achieving a suitable IELTS score. Concurrently, I explored potential careers and discovered my passion for software development. This drove me to enroll in the Code Your Future course, marking a deliberate shift in my career path.

Founder and Entrepreneur(Retail)   **Apr 2017 - Nov 2022**
Kotali Zhical
- Built a robust customer network, leading to a **20%** sales growth within the first six months of operation.
- Cultivated customer loyalty and retention, resulting in a significant increase of over **50%** in customer base.

Maths Tutor   **Oct 2014 - Aug 2018**
Self Employed
Simplified complex mathematical concepts and used engaging, interactive methods to teach methods and strategies for better understanding and comprehension.

EDUCATION

Bachelor of Engineering in Urban Development   **2009 - 2013**
University of Kurdistan   Sanandaj, Iran
- Expert urban engineering graduate specialising in infrastructure planning, sustainability, and technology. Proficient in various tools, including GIS and AutoCAD.
- Skilled in data collection, analysis, and deriving actionable results.
